KOMET

Fast Food Services Kiosk

Wall-mounted or freestanding kiosk

KOMET is an interactive multifunctional kiosk developed by AURES for the fast food industry. Available as a wall mounted or freestanding model, its design is particularly adapted to the food service sector, e.g. takeaways, fast food etc.

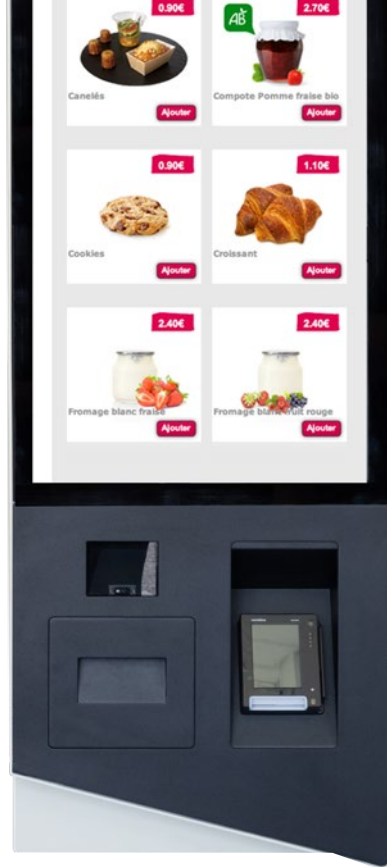

KOMET integrates a 27" YUNO touch system available in portrait mode, an ODP 444 thermal receipt printer and a payment terminal.

This kiosk allows customers to book and order, click and collect, buy and pay; queue management, loyalty cards and promotional operations are also processed.
